#### SUITS FILED

By the Treasurer of Athens County Against Local Liquor Dealers to Secure Payment of Dow Tax.

Attorney Sayre, of the firm of Lewis & Sayre, Athens, was in the city Thursday and filed two very interesting suits in Common Pleas Court. The plaintiff in each case is Elmer G. Bid-dison, Treasurer of Athens county, Ohio, and the defendants are Morris S. Luchs and L. M. Frank, the wholesale liquor dealers of this city.

In the petitions the plaintiff alleges that there is charged upon the tax duplicate of Athens county the sum of \$5,040 against M. S. Luchs and \$3,360 against L. M. Frank, claimed to be due under the Dow law as the assessment and penalty for engaging in the business of trafficking in intoxicating liquors. It is alleged that defendants sold liquor in Amesville, Lathrop and other villages in Athens county during the years 1897, 1898, and 1899, and that they failed to pay the assessments.

The defendants will fight the case on the grounds that the liquor was not sold in Athens county, but in their own establishments here. They hold that the mere fact of the goods being delivered by the express company in Athens county does not constitute a sale at the point where the goods are delivered.

#### Does It Mean a New Bank?

Judge D. R. Rood has disposed of 2 1/2 feet of his Second street lot, opposite the Union Depot, to the Washington County Building and Loan Association. The lot has a depth of 100 feet. The price paid was \$6,000, or over \$250 per front foot, the highest price ever paid for real estate in this city. The purchasers will erect a three story building upon the lot and Judge Rood contemplates building at the same time upon his remaining half if the project is carried through, the building will be one of the finest in the city.

It is rumored that the Building Association will erect a building suitable for carrying on their present business and in addition a banking business, which is authorized by a law passed by the Legislature during its recent session. This law allows such corporations the privilege of doing a banking business providing their capital exceeds \$200,000.

#### Barn Burned.

A disastrous fire occurred about midnight Wednesday night at Fleming station, 9 miles west of here, the barn of C. E. Finch, railroad agent at that place being completely destroyed with all its contents. Three horses, three cows, 175 bushels of wheat, hay, corn and machinery were lost in the flames.

It is supposed that the fire was started by some person who had taken refuge there from the storm during the evening.

When discovered the barn was wrapped in flames and it was impossible to save any of the live stock or other contents.

The loss will aggregate \$2000 with \$700 insurance.

#### Town of St. Mary's Enjoined.

The city authorities of St. Marys have struck a snag in the shape of an injunction awarded by Judge Tavenner in this city Wednesday afternoon.

Some time ago an election was held on the proposition of issuing \$7000 worth of bonds for the purpose of building a water works system for the town and the proposition carried, as water works were badly needed.

Afterwards it was decided by Council to use the proceeds of the bonds in providing a system of sewerage.

The town entered into a contract with John B. Duffy to build a water works system, the town agreeing to pay \$35 for each fire plug, and \$30 each for as many additional as would be needed. Embodied in the same contract was the provision for building the sewerage system.

George Kellsall and another citizen were opposed to this way of doing business and combatted the contract, which they claimed is illegal, for the reason that there is no money in the treasury to pay for the contemplated work, and the attempt to divert the proceeds of the bonds for building water works to the building of a sewerage system would not be countenanced by the property owners.—Sentinel.

#### Young Men's Congress.

By far the most interesting meeting of the Congress was held last night. The attendance was fully up to the average, but the interest ran away beyond the average. The principal debate was on the passage of the Compulsory Insurance Bill, Boquard (Va.) Callender (W. Va.), Coll (Wash.), Webster (Mass.) defended the bill, and Polen (Cal.), Newton (Texas), Schumaker (Wis.), McHugh (Ind.) opposed it. Time to adjourn arrived before the debate closed and the final vote will be taken at the next meeting. Probably the Nicaraguan Canal bill will come up for third reading and debate at the next meeting of the Congress. Several new members also came in at this session.

**Audience Delighted.**  
Parkersburg, W. Va., April 19.—The concert given at the Auditorium to-night under the auspices of the Citizens band was a grand success. Mr. George Schad, the popular soloist of Marietta, sang two numbers on the program, was heartily applauded and responded to three encores.

**\$100 Reward, \$100.**  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address **F. J. #### "Dimness of sight, palpitation, shortness of breath, black spots or else shining lights

before my eyes, terrible headache, numbness in my arms and hands and tongue, also my jaws would get numb; constipation, prolapus, debilitating drains, soreness through my bowels; in fact I was diseased from head to foot," writes Mrs. Mollie E. Carpenter, of Linn, Tenn. "When Dr. Pierce's health, I was so weak I could only write a few words when I would have to rest. I could hardly walk. Words cannot express my sufferings. Now I can do my own washing and cooking. I can take a ten quart pail in one hand and a six quart pail in the other (full of water) and carry both one fourth of a mile and never stop to rest. I am as heavy as I was at 10 years (125 lbs). I also had dimness of sight and impaired memory. I had spells that when I would try to speak I couldn't think of the words I wanted to say, but would say something else. I have improved, oh, so much, and Dr. Pierce's medicine has done the good work. It has been about a year since I commenced to use the medicine. My health has been improving slowly but surely. We cannot expect a disease that has been coming on for years to be cured in a few days. If any lady, suffering as I have, will write to Dr. R. V. Pierce, at Buffalo, N. Y., and get his advice and use his medicines according to directions, a cure will surely result."

Most dealers in medicine sell Dr. Pierce's Favorite Prescription. There is no other medicine that is "the same" or "just as good." Don't accept a substitute.
